To Achieve Management Conscious of Cost of Capital and Stock Price

May. 15, 2024

H2O RETAILING CORPORATION

Analysis of Current Status and Direction of Initiatives

Current issues (PBR is below 1.0x)

- PBR continues to be below 1.0x despite an improving trend, due to PER which are lower than sector levels.
- ROE (8.5%) > Cost of shareholders' equity (6.6%) ROIC (4.7%) > WACC (4.0%) *FY2024
 - ROE is above cost of shareholders' capital, but below in actual, and further ROE improvement is needed in the future.
 - Aim to secure stable ROIC above WACC by promoting the utilization of non-business assets with low profitability, which has been an issue for the company.

Direction of Initiatives (PBR to remain 1.0x over)

- Gain market credibility by formulating growth strategies, enhancing shareholder returns, and strengthening IR communications.
 - (i) Clarify growth strategy

(ii) Enhancing shareholder returns

PER

- (iii) Expand the shareholder/investor base and improve IR communication
- Practices management conscious of cost of capital

ROE

- (iv) Control of total assets and equity
- (v) Concentrated Investment in high-growth/high-profit businesses

Current

 $_{PBR} 0.85 x$

 $= ROE 8.5\% * \times PER10 X$

* Actual ROE excluding extraordinary gains from asset sales and other special gains and tax effects: 5.1%.

Future

PBR 1.2 x over

= ROE 8% over × PER 15 times over

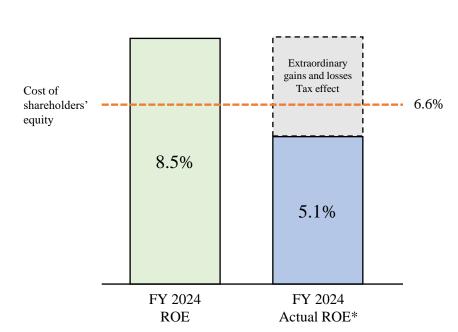

- (iv) Control of total assets and equity
- (v) Concentrated investment in highgrowth/high-profit businesses
- (i) Clarify growth strategy
- (ii) Enhancing shareholder returns
- (iii) Expand the shareholder/investor base and improve communication

ROE and cost of shareholders' equity

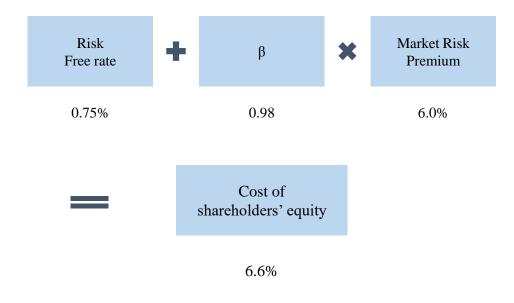

ROE recovered due to improved profitability, but actual ROE in FY2024 was still lower than shareholders' equity.

■ Cost of shareholders' equity

*Excluding extraordinary gains such as asset sales and tax effects

Assumptions for calculating cost of shareholders' equity

WACC=4.0% (D/E ratio 0.73, cost of shareholders' equity 6.6%, cost of debt 0.54%)

Enhancing Corporate Value and Equity Value

Aim to achieve and sustain PBR of 1.0x as soon as possible by executing business strategies and aggressively promoting capital and financial strategies that will be fully implemented in FY2025.

КРІ	FY2025-2027	FY2024
ROE	Over 6.6% (FY27)	5.1% (actual)
ROIC	5.9% (FY27)	4.7%
EBITDA-Interest- Bearing-Debt-Ratio	2.0 X	2.3 X
Total payout ratio	Approximately 60%	22%
Dividends	¥40 per share	¥28 per share

Business Strategy

(v) Concentrated investment in high-growth/high-profit businesses

ROE

PER

Deepen existing businesses and strengthen response to high-net -worth customers

- Making Hankyu Main Store a "Global Department Store"
- Focus on and strengthen overseas customer businesses with high growth potential

(i) Clarify growth strategy

PER

Develop and deploy new sources of revenue by utilizing the "customer base".

- Continue to launch and develop customer service business (Food and Health)
- Launch of customer data utilization business

Capital/financial strategy

(ii) Enhancing shareholder returns

PER

Active return of surplus shareholders' capital

- Dividends per share increased to ¥40 (¥28 in FY2024)
- Plan to acquire treasury stock on the scale of ¥30 bn. in FY2025-2027 (over ¥50 bn. including KFM wholly owned subsidiary)
- (iv) Control of total assets and shareholders' equity

ROE

Improvement of return on capital

- Controlling WACC by leveraging interest-bearing debt
- Sale of low-profit assets such as policy stock holdings
- Restructuring of B/S in line with the targeted business portfolio by making KFM a wholly owned subsidiary and Ningbo Hankyu a subsidiary

(iii) Expand the shareholder/investor base and improve communication (Strengthening IR communications)

ROE

PER

(Consider retirement)

Profit ▲¥24.8 bn. **ROE** ▲ 10.5%

Profit ¥21.9 bn. **ROE 8.5 % (actual ROE5.1 %)**

ROE over 6.6%

To maintain B/S at an appropriate size while aggressively investing in high-growth, highly profitable businesses, promote asset efficiency by selling low-profit assets, etc., which will lead to ROE improvement along with an improved profit level

Expand the shareholder/investor base and improve communication

Engaging in more active communication with capital markets and reflecting this communication in management to enhance corporate value.

To expand the investor base, improve the convenience of shareholder benefits and implement measures to increase the number of fan shareholders.

■ Promoting Dialogue with the capital market

- Disclosure of financial and capital strategies of high interest by investors
- Continuous information provision and enhanced interactive communication by the president and executive officers.

■ Enhancement of shareholder benefits and introduction of selection system

- Under consideration of the following
 - ✓ Enhanced shareholder benefits at supermarkets, etc. (e.g., point redemption)
 - ✓ Improve convenience of department store shareholder benefits (e.g., apps)
 - ✓ Distribution of rice and other goods

■ Implementation of measures to expand fan shareholders

- Holding briefings for individual shareholders and holding fan meetings, tours, and hands-on events using stores
- Enhancement of information provision, including upgrading of the website for individual investors
