If the Proposals No. 4 and No. 5 are approved as originally proposed, the compositions of officer compensation for the Company's Executive Directors are as follows. Among Executive Directors, Representative Directors and Directors who concurrently serve as the president of the core companies of the Group will receive compensation with the following percentage split as a benchmark: fixed compensation (basic compensation) of approximately 50%, and variable compensation (annual bonus and share-based compensation) of approximately 50%. This compensation allocation scheme is designed so that higher the rank of an Eligible Director, higher the ratio of the share-based compensation to the variable compensation, and also higher the restricted shares with performance conditions to the share-based compensation.

If the Proposals No. 4 and No. 5 are approved as originally proposed, restricted shares will be granted to the Company's Directors. The same restricted shares will also be granted mutatis mutandis to executive officers not concurrently serving as the Company's Directors and the directors, corporate auditors (corresponding to Audit and Supervisory Committee Members), and executive officers of Hankyu Hanshin Department Stores, Inc., a subsidiary of the Company. The grant of all these restricted shares are subject to a resolution of the Board of Directors of the Company under the Companies Act.

Proposal No. 4: Determination of Compensation for the Allotment of Restricted Shares to Directors (excluding Outside Directors and Directors who are Audit and Supervisory Committee Members)

The compensation for the Company's Directors (excluding Outside Directors and Directors who are Audit and Supervisory Committee Members) has a structure combining a monthly basic compensation; an annual bonus reflecting the performance for a single year; and stock-compensation-type stock options, a share-based compensation linked to share prices, which is designed to incentivize the Directors to contribute to improving short-term and medium- to long-term performance of the Company. The amount of annual basic compensation was approved to be a maximum of 250 million yen at the 97th Annual General Meeting of Shareholders held on June 22, 2016, and the amount of annual stock-compensation-type stock options was approved to be a maximum of 120 million yen, separately from the basic compensation, at the 102nd Annual General Meeting of Shareholders held on June 22, 2021.

As part of the recent efforts to improve its compensation system for officers, the Company requests your approval to providing new restricted share-based compensation to the Company's Directors (excluding Outside Directors and Directors who are Audit and Supervisory Committee Members; hereinafter collectively referred to as "Eligible Directors"), separately from the above maximum amount of compensation. The purposes of this request include providing Directors with incentives to contribute to the sustainable enhancement of the corporate value of the Company, further promoting the sharing of value between Directors and shareholders, and raising the Directors' awareness of the importance of business performance and shareholder value.

The restricted shares to be granted based on this proposal consist of the following two types: (a) service condition type, the condition for lifting transfer restrictions of which is to hold the position of the Company's Director or any other position specified by the Board of Directors of the Company for a certain consecutive period (the shares granted in this way is referred to as "Shares with Service Conditions"); and (b) performance condition type, the condition for lifting transfer restrictions of which is to achieve the performance conditions specified in advance by the Board of Directors of the Company in addition to the above condition (the shares granted in this way is referred to as "Shares with Performance Conditions").

Subject to the approval of this proposal as originally proposed, the existing stock-compensation-type stock options approved at the 102nd Annual General Meeting of Shareholders held on June 22, 2021 shall be abolished, and any new stock-compensation-type stock options shall not be allocated thereafter. Provided, however, that stock-compensation-type stock options having been already granted shall continue to exist.

The current number of Directors (excluding Directors who are Audit and Supervisory Committee Members) is three (3) with no Outside Directors. If the Proposal No. 1 is approved as originally proposed, the number of Directors will be four (4) with no Outside Directors.

Based on the resolution of the Board of Directors of the Company, the Eligible Directors shall make in-kind contribution of all the monetary compensation claims provided by the Company for granting restricted shares, and shall, in return, receive shares of the Company's common stock (restricted shares) that will be issued or disposed of by the Company (hereinafter this scheme is referred to as the "In-Kind Contribution Scheme"). The annual total number of shares of the Company's common stock issued or disposed of under the In-Kind Contribution Scheme shall be a maximum of 40,000; provided, however, that said total number may be adjusted within a reasonable range in the case that, on or after the day when this proposal is approved, a stock split (including a gratis allotment) or a reverse stock split of the Company's common stock is conducted or when the adjustment of the total number of shares of the Company's common stock that are issued or disposed of as restricted shares is inevitable for other reasons.

Furthermore, the annual total amount of monetary compensation claims provided for granting restricted shares shall be a maximum of 120 million yen. Note that the amount to be paid in per such share shall be determined by the Board of Directors of the Company within a range that will not be a particularly advantageous amount for the eligible recipient who receives said shares based on the closing price of the Company's common stock on the Tokyo Stock Exchange on its business day preceding the day when each resolution pertaining to the allotment of restricted

shares is made by the Board of Directors of the Company (or the closing price immediately prior thereto if no transaction is made on such business day). Specific timing of provision and allocation to each Eligible Director shall be determined by the Board of Directors after consultation to the Nominating and Compensation Advisory Committee.

In the issuance or disposal of shares of the Company's common stock by the above method, the agreement on allotment of restricted shares (hereinafter referred to as the "Allotment Agreement") including the following provisions shall be concluded between the Company and an Eligible Director.

■ **Transfer restrictions on Shares with Service Conditions**

(1) **Transfer restriction period**

An Eligible Director must not transfer, create a security interest in or otherwise dispose of the Shares with Service Conditions (hereinafter collectively referred to as "Transfer Restrictions (i)") during a period from the grant date thereof to the date when he/she resigns from the Company's Director or any other position specified by the Board of Directors of the Company due to expiration of his/her term of office (hereinafter referred to as the "Transfer Restriction Period (i)").

(2) **Lifting of Transfer Restrictions**

The Company shall lift the Transfer Restrictions (i) on all of the Shares with Service Conditions at the time of expiration of the Transfer Restriction Period (i) on condition that an Eligible Director continue to hold the position of the Company's Director or any other position specified by the Board of Directors of the Company for a period from the grant date of restricted shares to the last day of the business year in which such grant date falls or to the date separately specified by the Board of Directors of the Company (hereinafter referred to as the "Service Provision Period"). Provided, however, that if an Eligible Director resigns from the Company's Director or any other position specified by the Board of Directors of the Company after expiration of the Service Provision Period due to a reason other than the reasons that the Company deems justifiable (hereinafter referred to as the "Justifiable Reasons"), the Transfer Restrictions (i) will not be lifted, and the Company shall automatically acquire all of the Shares with Service Conditions free of charge. The Company shall, if needed, reasonably adjust the number of the Shares with Service Conditions subjected to lifting of the Transfer Restrictions (i) and the timing when the Transfer Restrictions (i) is lifted, in the event that an Eligible Director resigns from the Company's Director or any other position specified by the Board of Directors of the Company after expiration of the Service Provision Period due to any of the Justifiable Reasons. It should be noted that pursuant to the above provisions, the Company shall automatically acquire, free of charge, the Shares with Service Conditions on which the Transfer Restrictions (i) have not been lifted at the timing of expiration of the Transfer Restriction Period (i).

■ **Transfer restrictions on Shares with Performance Conditions**

(1) **Transfer restriction period**

An Eligible Director must not transfer, create a security interest in or otherwise dispose of the Shares with Performance Conditions (hereinafter collectively referred to as "Transfer Restrictions (ii)") during a period within five (5) years from the grant date thereof, specified by the Board of Directors of the Company (hereinafter referred to as the "Transfer Restriction Period (ii)").

(2) **Lifting of Transfer Restrictions**

The Company shall lift the Transfer Restrictions (ii) on all or part of the Shares with Performance Conditions at the time of expiration of the Transfer Restriction Period (ii) on condition that an Eligible Director continue to hold the position of the Company's Director or any other position specified by the Board of Directors of the Company for the Service Provision Period as well as that requirements separately defined in the Allotment Agreement, such as the achievement of the numerical performance targets set by the Board of Directors

of the Company, be satisfied. Provided, however, that if an Eligible Director resigns from the Company's Director or any other position specified by the Board of Directors of the Company before expiration of the Transfer Restriction Period (ii) and after expiration of the Service Provision Period due to a reason other than the Justifiable Reasons, the Transfer Restrictions (ii) will not be lifted, and the Company shall automatically acquire all of the Shares with Performance Conditions free of charge. The Company shall, if needed, reasonably adjust the number of the Shares with Performance Conditions subjected to lifting of the Transfer Restrictions (ii) and the timing when the Transfer Restrictions (ii) is lifted, in the event that an Eligible Director resigns from the Company's Director or any other position specified by the Board of Directors of the Company before expiration of the Transfer Restriction Period (ii) and after expiration of the Service Provision Period due to any of the Justifiable Reasons. It should be noted that pursuant to the above provisions, the Company shall automatically acquire, free of charge, the Shares with Performance Conditions on which the Transfer Restrictions (ii) have not been lifted at the timing of expiration of the Transfer Restriction Period (ii).

■ Matters common to the Shares with Service Conditions and the Shares with Performance Conditions (hereinafter collectively referred to as "Allotted Shares")

(1) Reasons for free-of-charge acquisition

The Company shall automatically acquire the Allotted Shares free of charge in any of the following cases: (a) a case where the Company finds that an Eligible Director has committed a serious violation during his/her office against laws and regulations or internal rules in the Company or the Group; (b) a case where the Company finds that an Eligible Director significantly damaged the trust of the Companies or a Group company through his/her wrongful or illegal act; (c) a case where an Eligible Director is sentenced to imprisonment or heavier punishment; and (d) a case where the Company acknowledges any other similar reasons.

(2) Treatment in case of reorganization

In the case that a matter related to a merger agreement under which the Company will be dissolved, a share exchange agreement or a stock transfer plan under which the Company will become a wholly owned subsidiary or other forms of reorganization of the Company was approved by a general meeting of shareholders of the Company (or the Board of Directors of the Company when such reorganization does not require approval of a general meeting of shareholders of the Company) during the Transfer Restriction Period (i) or the Transfer Restriction Period (ii), the Company will, by a resolution of its Board of Directors, lift the Transfer Restrictions on the reasonably determined number of the Allotted Shares, prior to the effective date of such reorganization. It should be noted that in the cases prescribed in the above, the Company shall automatically acquire, free of charge, the Allotted Shares on which the Transfer Restrictions have not been lifted even at the timing immediately after the Transfer Restrictions are lifted, pursuant to the above provisions.

(3) Other matters

A method of indication of intention or notification under the Allotment Agreement, a method of revising the Allotment Agreement and/or other matters determined by the Board of Directors shall constitute the provisions of the Allotment Agreement.

Although the Company has formulated a determination policy on the content of compensation, etc. for Directors at the Board of Directors meeting held on February 25, 2021, the Company plans to change this policy to the content in line with this proposal, subject to your approval to this proposal. The amount to be paid in for the Allotted Shares shall be within a range that will not be a particularly advantageous amount as described above, and a dilution effect in this case will be negligible. The Company therefore considers the grant of the Allotted Shares to be appropriate.

Proposal No. 5: Determination of Compensation for the Allotment of Restricted Shares to Outside Directors and Directors who are Audit and Supervisory Committee Members

The compensation for the Company's Outside Directors and Directors who are Audit and Supervisory Committee Members consists of a basic compensation and stock-compensation-type stock options, a share-based compensation. The purposes of this request are to further promote the sharing of value with shareholders and raise awareness of the importance of shareholder value. No Outside Directors have been currently elected. However, in anticipation of the possibility of their election in the future, we propose to set the maximum amount of compensation for granting restricted shares.

The annual total number of shares of the Company's common stock issued or disposed of under the In-Kind Contribution Scheme shall be a maximum of 10,500 (7,500 for Directors who are Audit and Supervisory Committee Members, and 3,000 for Outside Directors. Provided, however, that said total number may be adjusted within a reasonable range in the case that, on or after the day when this proposal is approved, a stock split (including a gratis allotment) or a reverse stock split of the Company's common stock is conducted or whenever the adjustment of the total number of shares of the common stock issued or disposed of under the In-Kind Contribution Scheme is inevitable for other reasons.

Furthermore, the annual total amount of monetary compensation claims provided for granting restricted shares shall be a maximum of 31.5 million yen (22.5 million yen for Directors who are Audit and Supervisory Committee Members, and 9 million yen for Outside Directors). Specific timing of provision and allocation to each Eligible Director shall be determined by deliberations among Directors who are Audit and Supervisory Committee Members for themselves, and by the Board of Directors for Outside Directors after consultation to the Nominating and Compensation Advisory Committee.

In the issuance or disposal of shares of the Company's common stock by the above method, the Allotment Agreement including the following provisions shall be concluded between the Company and an Eligible Director.

(2) Lifting of Transfer Restrictions

Provided, however, that if an Eligible Director resigns from the Company's Director or any other position specified by the Board of Directors of the Company after expiration of the Service Provision Period due to a reason other than the Justifiable Reasons, the Transfer Restrictions will not be lifted, and the Company shall automatically acquire all of the Shares with Service Conditions free of charge. The Company shall, if needed, reasonably adjust the number of the Shares with Service Conditions subjected to lifting of the Transfer Restrictions and the timing when the Transfer Restrictions is lifted, in the event that an Eligible Director resigns from the Company's Director any other position specified by the Board of Directors of the Company after expiration of the Service Provision Period due to any of the Justifiable Reasons. (4) Treatment in case of reorganization

In the case that a matter related to a merger agreement under which the Company will be dissolved, a share exchange agreement or a stock transfer plan under which the Company will become a wholly owned subsidiary or other forms of reorganization of the Company was approved by a general meeting of shareholders of the Company (or the Board of Directors

of the Company when such reorganization does not require approval of a general meeting of shareholders of the Company) during the Transfer Restriction Period, the Company will, by a resolution of its Board of Directors, lift the Transfer Restrictions on the reasonably determined number of the Shares with Service Conditions, prior to the effective date of such reorganization. It should be noted that in the cases prescribed above, the Company shall automatically acquire, free of charge, the Shares with Service Conditions on which the Transfer Restrictions have not been lifted even at the timing immediately after the time when the Transfer Restrictions are lifted, pursuant to the above provisions.

(5) Other matters

A method of indication of intention or notification under the Allotment Agreement, a method of revising the Allotment Agreement and/or other matters determined by the Board of Directors shall constitute the provisions of the Allotment Agreement.
